

it wrote you at a time when the Personal
outlook for this Person was ~~awful~~ was rather
bleak, and you perhaps considered my Proposal
as a job. If so I wish you would dispell
that idea. I gave an Honorable Proposal, and
I did this and now mean exactly what I wrote,
I also gave in a second letter a run down on
the Past 20 years of my life. 20 years ago I was likened
to the Position of Mrs Oswald. Much younger. But I had
Taken upon myself a job to make and rebuild a new
Home for my self and 1 Baby. Girl of an unfortunate
marriage. I later Took for a while a second Baby.
Neither may have been mine. I for sure was not.
I could not then consider myself young for the job. It
Took on would last what may have been my life time
Circumstantially this could have been true. Therefore
at 40 years, and not altogether well, I had to consider
I was Technically 40 years of age Plus the age the one
child would be at adult hood, 18 years at least. I
Understand Mrs Oswald is 23-24, and has 2 children
she will be very close 45 years of age. If she remains
unmarried, and raises her children, at this time of life
the best is gone, as it was with me, to raise my one,
last Baby. Now I have a few years, and I am so I
believe adequately provided for. I need a companion,
There are times I must be out, Nothing is then done, when
I work on jobs, or my garden or canning all else stops
and I must often refuse to go out and work on a T.V. set,
So I do loose now and then, with good help such as I
could may expect, from a marriage with a woman who had
much to gain nothing to loose. I could then get see a fairly
good future, and I dare say it could be equal all around,
So if you will turn my letters over to an F.B.I. agent
in your city. He can take it from there, and contact me
with a simple yes, no, or considering sort of reply.

Thank you Sir for the above.

But may I ask that if my two letters to
you are not destroyed, I have this request.
From the local papers, it is so stated
that the F.B.I. supposedly has the Mrs. Oswald
somewhere in your state so I must presume
under safe surveillance. There is an item regarding
a Mrs. Witherspoon or a similar name I have it
here but will not search for it. The item also stated
in effect that a sum of \$7000 collected by her
has been turned over to the F.B.I.

Wm. Phares

P.S. I have
grade school books
and can arrange a
night school class
at Watkins institute
up town to help
educate Mrs. Oswald
to the way of life here
in America, and
citizenship
No it am
Prepared
to
help.
